EDPACON 2024

I am extremely grateful to EDPA executives for entrusting me with the task of planning the scientific program for our Silver Jubilee Conference this year.

Scientific activities of EDPA have been the very basis of EDPA's coming into being and it's very existence. EDPACON is eagerly waited for it's scientific content and delivery.

Every year we have a theme around which the program is designed and only the best in the field would be invited for the deliberations. Keeping up the tradition this year's conference will try to focus on Evidence Based Medicine. The deliberations will be a mix of lectures, symposia and panel discussions.

Smt. Bela Devi Oration has been a very important part of our EDPACONs as also the PG sessions of poster and paper presentations, quiz competitions etc. We wish to include all of these this year too in our scientific content. I am sure with Dr Rajeev Bansal as the Co Chair and Dr RPS Makkar as the dynamic organising secretary of the conference a grand academic event awaits us on 22nd December this year at Hotel Le Meridien. With the able guidance of Dr Vijay Arora, Chairman of the Scientific Committee of EDPA we hope to raise the bar of our annual event even higher.

We earnestly request all our members to actively contribute to making the Silver Jubilee EDPACON 2024 a resounding success. Your enthusiastic participation in large numbers is key to ensuring this event becomes a memorable milestone, celebrated not just for its grand organization but also for the vibrant academic engagement it inspires. Let's come together to create an event that will be etched in our memories for years to come.

Thank You. Best Wishes!
